Digvijay Chauhan

B.Tech Computer Science Engineering

9109076117 yashr2896@gmail.com LinkedIn GitHub Indore, India

PROFESSIONAL SUMMARY

Dedicated Computer Science undergraduate with specialized training in **Python**, **MySQL**, and **AI/ML concepts**. Proven ability to build structural code analysis tools using modern Python libraries. Seeking to launch a professional career in software development within a dynamic, growth-oriented organization.

EDUCATIONS

Lakshmi Narain College of Technology | Indore, Madhya Pradesh — 2023 - 2027
B.Tech in Computer Science and Engineering — *CGPA : 6.42*

Kids College | Indore, Madhya Pradesh — 2022 - 2023
Senior Secondary (Class XII) — *Percentage : 62%*

Kids College | Indore, Madhya Pradesh — 2020 - 2021
Secondary School (Class X) — *Percentage : 67.2%*

PROJECTS

PYTHON INSPECTOR — Aug 2026 - Present

Lead Developer

- Developed an advanced command-line tool to inspect, parse, and analyze Python source-code structure statically.
- Utilized **pathlib** and **os** modules for efficient file-system navigation and batch file handling.
- Leveraged the **Abstract Syntax Tree (ast)** module to analyze source-code structure and extract metadata.
- Integrated the **rich** library for structured, color-coded terminal output for code metrics and reports.

Technologies / Tools Used : *Python, pathlib, os, ast, rich*

SKILLS

Databases :	MySQL, SQLite
Frameworks & Libraries :	FastAPI, Django
Languages :	English, Hindi
Programming Languages :	Python, SQL
Soft Skills :	Communication, Leadership, Teamwork, Problem Solving, Critical Thinking, Adaptability, Decision Making
Tools & Platforms :	Git, GitHub

CERTIFICATIONS

- **Certificate of Completion** in **Chatbot & Smart Assistant Development** from **ThingQbator**
- **Certificate of Completion** in **Introduction To Data Science** from **IBM-edX**

TRAINING

ITEP-19 — June 2026 – Present

InfoBeans Foundation — *Indore, India*

- **Selected** for the **Information Technology Excellence Program (ITEP)** through a competitive selection process.
- **Working on Chatbot and Smart Assistant Development**, exploring conversational AI and intelligent automation.
- **Developing practical skills** in **Python, Generative AI, APIs**, and **AI-assisted application development** through hands-on training and projects.
- **Participating in technical training**, coding assignments, and real-world problem-solving activities.
